FONDAZIONE COMOLI FERRARI

La Fondazione Comoli Ferrari nasce nel 2022, con l'obiettivo di valorizzare tutte quelle attività che, per l'Azienda Comoli Ferrari, hanno un **significativo impatto su un vasto panorama di persone** e su beni di pubblica utilità, destinati a migliorare la qualità della vita. Il progetto scaturisce dall'esigenza di **ricerca di nuovi modelli** e, allo stesso tempo, di dedicare "un luogo" specifico a tutte quelle attività in cui siamo impegnati, che hanno un impatto sociale e/o culturale, a livello innovativo.

Siamo sempre stati l'Azienda del '*crescere, sempre e comunque*' e ora vogliamo farlo anche rispetto alla nostra **responsabilità sociale**.
